

Tales from the Trail

October 2025

Early Bird = Extra Perks!

Our enlarged and beautiful pet boarding accommodations are ready for the holidays – and we'd love for your pet to enjoy them! Book any boarding stay of at least 2 nights by **October 31st** to take advantage of our Early Bird Deals:

Choose one complimentary perk with your early booking:

A complimentary bath before pickup **OR**

A complimentary Sunday/holiday pickup **OR**

A complimentary playtime during their stay

Give your pets the comfort they deserve – and enjoy a little something extra, too! Spaces will fill quickly for the holidays, so book now to lock in your perk!

Chocolate and Dogs: A Scary Combo!

Halloween means extra candy around the house—but remember, **chocolate can be dangerous for dogs!**

Chocolate toxicity is dose-dependent: that means the more a dog eats (and the smaller they are), the higher the risk. The type of chocolate matters, too—the darker and more concentrated it is, the bigger the problem.

Symptoms of chocolate ingestion can include restlessness, vomiting, diarrhea, rapid heart rate, or even seizures. If you think your dog has gotten into chocolate, don't wait—***call us right away so we can help guide you!***

This Halloween, keep candy bowls and trick-or-treat stashes out of reach, and treat your pets to safe snacks instead!

We love your feedback!

Nothing makes our day brighter than hearing your kind words when you visit our new building. And while we love your in-person compliments, we love your 5-star reviews even more!

If you've enjoyed your experience with us, please share the love by leaving a review online and telling others what you love about Indian Trail Animal Hospital. Your words help other pet parents find us and remind our team why we do what we do every day!
