

Tales from the Trail

January 2026

GOALS FOR YOUR PET'S HEALTH THIS YEAR?

Many of us set goals for our own health this time of year—but what about our pets? Maybe this is the year to stay more consistent with preventatives, trim nails more regularly, start brushing teeth, or add a few extra walks each week.

As you think about goal setting, consider choosing one attainable goal for your pet's health. Small changes can make a big difference, and our team is always here to help you every step of the way!

FIVE STAR REVIEW CHALLENGE!

Your kind reviews mean so much to us. They not only help our practice grow, but they're also a true boost for our team. We share your feedback at team meetings and celebrate these moments together.

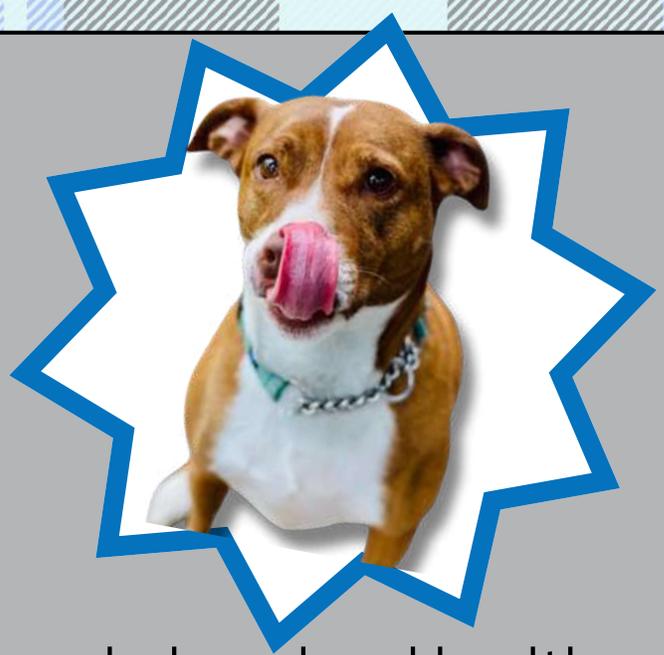

Our first goal for 2026 is to add 10 new 5-star Google reviews in January. If you've had a positive experience with our team, we'd be so grateful if you'd take a moment to share it. Thank you in advance for helping us start the year on a high note!

MONTHLY PATIENT SPOTLIGHT: ELPHABA!

Ten-year-old Elphaba has been a beloved and healthy member of the Tetlow family since she was just four weeks old, so it was understandably scary when she suddenly became ill with vomiting and a loss of appetite. Her owner brought her to Indian Trail Animal Hospital for an exam and diagnostic testing.

Elphaba's bloodwork indicated pancreatitis, a painful inflammation of the pancreas that can cause vomiting, diarrhea, abdominal pain, and decreased appetite. In more severe cases, pancreatitis can even require hospitalization.

Fortunately, Indian Trail Animal Hospital now offers Panoquell[®] injections. Panoquell is the first and only FDA-approved treatment specifically targeting the inflammation associated with pancreatitis. This IV injection is given once daily for three days and has been shown to rapidly improve symptoms and speed recovery. feeling great and has fully recovered!

In Elphaba's case, her owner noticed a significant improvement after the very first injection, and she was back to her normal self after the third. We are thrilled for Elphaba and her family that she is fully recovered!

CAT BOARDING: CONDOS VS SUITES

Standard
cat condo -
\$32/night

Cat suite -
\$38/night

ITAH's Cat Villa & dual level condos

Our cat suites offer four levels of comfort designed to keep our feline boarders relaxed, active, and enriched while you're away. When scheduling boarding for your cat(s), remember that we offer two types of accommodations—and be sure to ask about upgrading to a cat suite for extra space and comfort!

Four-level cat suites!
