

Tales from the Trail

April 2026

CELEBRATE YOUR PETS THIS APRIL!

April is full of reasons to show your pets a little extra love!

(Dr. Tabony and her pet Ginger pictured)

On April 10th, National Hug Your Dog Day, take a moment to give your pup some extra snuggles (on their terms, of course!)—whether it's a cozy cuddle, a favorite treat, or an extra walk.

Then on April 11th, National Pet Day, we celebrate all the animals who make our lives better every day. It's a great time to spoil your pet, share their story, or even consider helping a pet in need through a local rescue or shelter.

From all of us at Indian Trail Animal Hospital, thank you for loving your pets as much as we do!

FLEA AND TICK REMINDER!

As the weather warms up, fleas and ticks are becoming active again. While we recommend keeping your pet on prevention year-round, if you took a break over the winter, now is the perfect time to restart.

We offer a variety of options to fit your needs, including monthly Credelio, quarterly Bravecto, and now the convenient *Bravecto Quantum*—a once-yearly injection for long-lasting protection.

With ProHeart 12 for heartworm prevention and Bravecto Quantum for flea and tick protection, your pet can receive lasting coverage in just one visit — no monthly doses to remember.

Many of our clients are already taking advantage of this convenient, peace-of-mind option, and you can too!

Let us know how we can help! Call or text 704-821-7040 or email customercare@indiantrilah.com to get started.

Plus, enjoy free shipping on orders over \$49 for added convenience.

ASSISTANT VISIT UPDATES:

To continue providing timely, high-quality care for our patients, many assistant visits will begin to include a \$10 fee starting May 1st.

These non-doctor visits are supported by dedicated team members, and we currently staff full-time employees to ensure availability and efficiency for your convenience.

We have worked hard to absorb these costs, but are no longer able to do so while maintaining the level of service our clients and patients deserve.

Exceptions: Nail trims and anal sac expressions will remain unchanged and will not incur this fee.

We appreciate your understanding and continued trust in our team as we strive to provide the best possible care for your pets.
